ClenAir by Nu-Calgon

Specialized Chemicals

Grez-Off

- **Heavy duty degreaser**
- **Quickly blasts through heavy grease and grime**
- **Non-flammable and biodegradable**

Description

Grez-Off is a powerful, biodegradable degreaser that quickly blasts through heavy grease and grime. Grez-off removes heavy grease and soil from engines, mowers, tools, bicycles, garden, farm equipment, condenser coils, shop machinery, garage floors, asphalt drives, and much more.

Application

Grez-Off works hard so you don't have to. This heavy-duty answer to heavy-duty grease and grime leaves engines, machinery, asphalt, garage floors and more, whistle clean. Biodegradable, non-flammable formula hits hard and fast with less impact on user and environment.

Packaging	Nu-Calgon #	ClenAir #
32 oz. spray bottle	**61117**	**22732**
1 gallon	**61116**	**22701**

Directions

Always test on a small area of surface to be cleaned and air dry completely to determine colorfastness and surface integrity. Do not use on wool, leather, glass, untreated wood, treated fabrics, or weather surfaces. Do not use this product in combination with caustics, acids, or bleach.

To Clean:

1. Before degreasing, be sure that all surfaces are cool to the touch. Do not apply in direct sunlight or if air temperature is above 100°F.
2. Spray Grez-Off full strength onto the cool, pretested surface to be degreased.
3. Allow Grez-Off to penetrate the soil. NEVER allow Grez-Off to dry on any surface. Stubborn soils may require brushing or a second application.
4. Immediately rinse with water until no sudsing is noticeable.

NOTE: Surfaces such as aluminum alloys and plastic or painted surfaces, are inherently sensitive to alkaline cleaners. Spot test on ALL surfaces before use. Do not use on motorcycles or glass. Do not inhale mist. Use with adequate ventilation. The use of safety glasses is recommended. These directions must be followed or damage may result.
