i-Vu® Building Automation System
USB-W
USB Wi-Fi Service Adapter Kit

The USB-W Wi-Fi® wireless service adapter is a tool for technicians that is custom programmed to interact with the USB service port on TruVu™ controllers using Field Assistant or i-Vu Pro. The USB-W can also be used to connect with the controller via the Equipment Touch app (version 1.4.8 or later). This high-speed service port connection expands flexibility for servicing and setting up Carrier TruVu controllers.

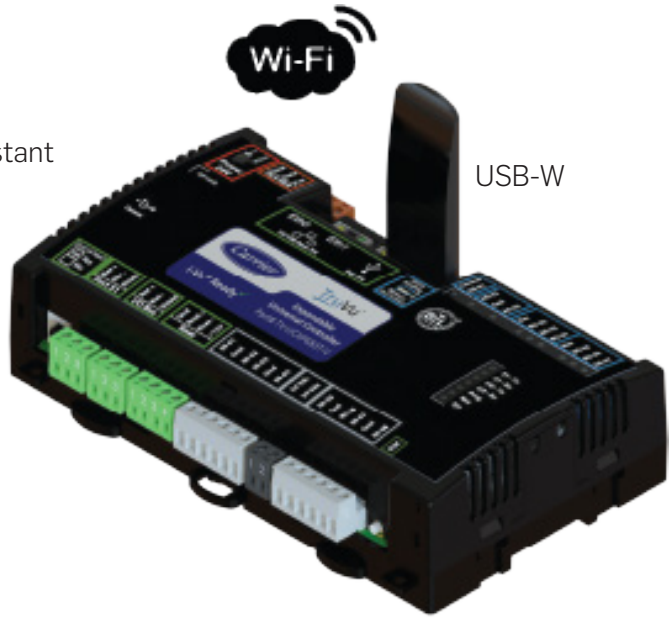

Kit Includes

1. Linksys USB to Wi-Fi wireless service adapter
2. USB Extension Cable (3ft.)
3. Male USB-A to Male USB-A Service Cable (3ft.)

i-Vu or
Field Assistant
