- Waterproof umbrella with durable and flexible fiberglass ribs
- Base swivels and locks
- Heavy-duty magnet attaches securely to any metal housing

INCLUDES

- Umbrella (MUUMB)
- Magnetic Base (MUBASE)

TECHNICIAN INVENTED. TECHNICIAN PROVEN.

The Magnecover was designed by a real HVAC technician who zip-tied a speaker magnet to an umbrella to try to stay cool while working in the heat. Years later, he perfected and patented his design by figuring out how to make it lightweight, functional and cost effective.
