FPRO100
FURNACE PRO

Furnace Switch Clip

For use with all furnace interlock switch types, rocker and push-button, the Furnace Pro simplifies repair preparation in all furnace applications. Just "clip" the strong, rare earth magnetic ends where needed and forget worries about the switch disengaging while servicing the equipment.

Features / Benefits

- Temporarily engages the furnace interlock switch for service
- Simplifies repair preparation
- Works on all furnace interlock switch types
- Strong rare earth magnetic ends
- Durable nylon construction
- Patent No. US D621.683S

Applications

- Allows the service contractor to diagnose and repair furnaces with safety in mind
- No more duct tape to hold the interlock key engaged
- Just remove the clip when done and the interlock is back in place
