RECHARGEABLE AUTO-OFF

HEADLAMP

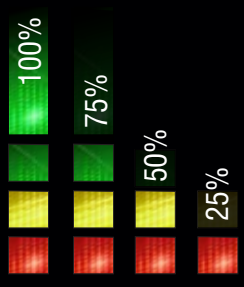

Headlamp smart enough
to turn itself off.

KLEIN TOOLS®

AFTER 3 MINUTES IN BRIGHT LIGHT:
headlamp turns off to save battery

15%> blinking red and lamp light flashes 5 times

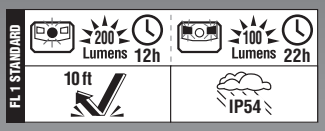

GAUGE: Indicates battery life

RECHARGEABLE AUTO-OFF HEADLAMP

Klein Tools' new durable headlamp provides all day light on either the bright spotlight or the broadcasting flood light setting. Removing this headlamp for recharging is easy, just slide the lamp out of the bracket on the silicone strap--no need to remove the strap from your hard hat. You'll know when it's time to recharge the lamp, because the LED lights on the battery gauge clearly indicate how much battery you have left. This headlamp also features new auto-sensing technology that turns off the unit after three minutes in bright light, saving battery…and a little embarrassment.

REMOVE light from the bracket for convenient charging!

Slim profile with pivoting mount to allow up to a 64° lighting angle
