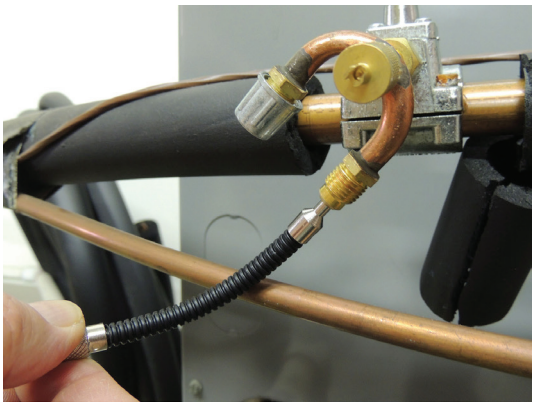
FVCT4
FLEXIBLE CORE REMOVER

The FVCT4 Flexible Valve Core Remover is an innovative tool for the HVAC/R service industry. With its flexible shaft it allows the service technician to easily access valve cores that may have obstacles to their access. **The center section of the tool has a slip fit design to allow the user to hold and spin the knurled end to loosen or tighten the valve.**

Features / Benefits


- 4.5 inches in length
- Flexible to over 120° angle
- CNC finished
