QSSB, QSSX

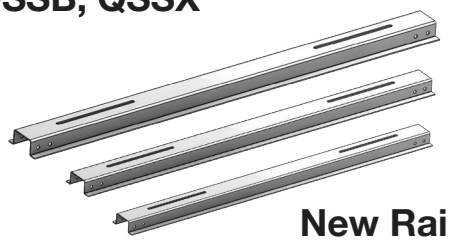

Next Generation Super Stand
VRF/VRV Equipment Stands

QSSB, QSSX

Application

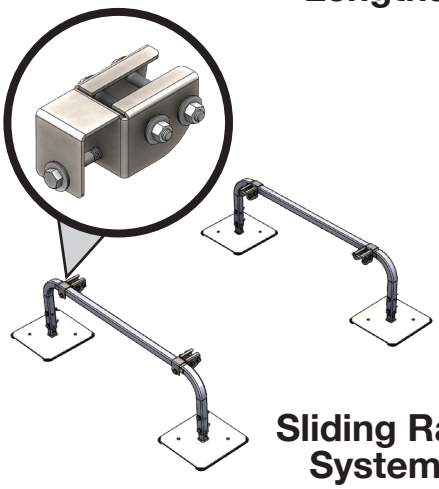

The newly redesigned Super Stands are now simpler to order, easier to size and compatible with more equipment models than ever.

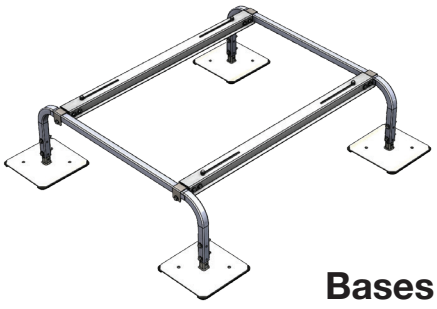

New Rail Lengths

Features

- Infinite depth adjustability with new sliding rail design
- Rail slots allow for mounting hole alignment for most all equipment models
- New base and extension models make customizing stands quick and easy
- 900lb capacity for each single module section
- Reduced number of SKUs
- Hurricane Rated
