Features / Benefits

Advanced High-Efficiency Filter — 3-in-1 high-efficiency filter includes a pre-filter for large particles, a HEPA filter for fine particles and an activated carbon filter for odors and VOCs. All-in-one filter makes replacement that much easier. This HEPA filter captures 99.97% of particles sized 0.3 microns.

CADR Ratings — High CADR ratings for pollen, dust and tobacco smoke, based on third-party verification, provide quick recirculation of cleaner air back into the room[1].

Low Maintenance — Easy to change filter should be replaced every 6-12 months based on usage.
