Spec Sheet

MicroMetl Sensors: 9901-2022

Refer To Submittal For Dimensions

Description: Enthalpy Temperature & Humidity Sensor - The C7400A2001 Enthalpy (Temperature & Humidity) Sensor is used with the W7220 Logic Modules, and Can Mount in any position up to 200 ft (61 m) away.

Manufacturer: Honeywell
Weight: 0.56lbs/0.26kg
Size: 4.25" long x 2.063" wide x 0.836" tall.

Sensor Type: Enthalpy Sensor
Associated Logic Controller: W7220 Honeywell Controller
Composition: Plastic Housing
UL Rating: UL E4436
Range: N/A
Input Voltage: 7 to 21 Vdc
Output / Control Voltage: HoneyWell Proprietary Sylk Bus Communication
Operating Temperature: -40°F to 150°F
Operating Humidity: 5% to 95% RH Non- Condensing
Relay Availablity: N/A

Prop 65: Yes

Country of Origin: Belgium, Canada, China, Czech Republic, Germany, Hungary, Italy, Mexico, Netherlands,
