

# MicroMetl

Spec Sheet

MicroMetl Sensors: 8002-FMBAC

Refer To Submittal For Dimensions

**Description:** Air Flow Measurement Station - To be used with 8002-FM2010 for BACnet Communication.

---

**Manufacturer:** GreenTrol

**Weight:** 0.88lbs/0.4kg

**Size:** 3.570" X 5.002" X 1.502"

---

**Sensor Type:** Air Flow Monitor

**Associated Logic Controller:** No Specific Logic Type Association

**Composition:** Plastic Housing

**UL Rating:** UL94-5V

**Range:** 0 to 2,000 FPM @ +/-3% Accuracy

**Input Voltage:** 24 VAC 8VA Max

**Output / Control Voltage:** Analog/PID Output Connections

**Operating Temperature:** Transmitter: -20 to 120°F & Sensor: -20 to 160°F

**Operating Humidity:** 0 to 99%

**Relay Availability:** Dry Contact Alarm Output Rating Is 30VDC/24VAC 3.5 Amps Max

---

**Prop 65:** Yes

**Country of Origin:** United States
