ZEPPELIN

4-VALVE FORGED ALUMINUM MANIFOLD

40% Faster than leading 4-valve manifolds. The American made ZEPPELIN® series of aluminum manifolds features durable molded “soft grip” rubber handles with fingertip grooves for easy opening and closing while the improved stem design means “full open” in only 2½ turns.

The aluminum ZEPPELIN® series, also available in 2-valve, incorporates cutting edge styling and technology to significantly reduce the weight of the manifold.

FEATURES

- Heavy-duty forged aluminum body is rugged and durable
- Rubber handwheels for improved grip and reduced turns to open/close
- Full 3/8" bore evacuates 40% faster
- Surge dampened gauges for reduced needle movement
