MADE IN USA

DV-T1 TANK

VACUUM PUMP OIL CONTAINER

Changing the oil after every job will extend the life of your vacuum pump and clean oil ensures peak pump efficiency and deep vacuum.

- **Holds up to 10 quarts**
- **No mess, No spills**
- **Corner hand grips for easy handling**
- **Stores upright or flat with no spills**
- **Environmentally friendly**

For optimum pump performance, after each use, change the oil while the pump is still warm. Place the TANK oil container with its feet side down. Unscrew the plug in the drain base and position pump in the cradle to drain. When draining is complete, remove pump and replace plug and tighten.

Recommended for use with JB BLACK GOLD Vacuum Pump Oil
