- Unique slow release lid keeps the gel contained in the tub
- Available in Fresh Linen, Citrus Breeze, and Cherry Blossom
- Multiple sizes available to treat any size application
- Can also be placed in an HVAC system or ventilation system

Description

ClenAir Odor Neutralizers are not perfumes or cover-ups they are true active odor neutralizers. They eliminate unpleasant odors from the air, neutralizing those odors caused by smoke, mildew, pets, cooking, sewer gas, and even airborne chemicals. ClenAir Odor Neutralizers are ideal for residential applications but are also commonly used in commercial settings such as hotels, offices, healthcare facilities, restaurants, veterinarian offices, and more. A single ½ lb. tub will treat up to 200 sq. ft. for up to 30 days with the unique slow-release lid. The 1 lb. tub or 2 lb. tub are idea for larger areas such as basements, conference rooms, large bathrooms, or lobbies. ClenAir odor neutralizers come in three fragrances Fresh Linen, Cherry Blossom, and Citrus Breeze. Each fragrance comes in a ½ lb. tub, 1 lb. tub, and 2 lb. tub.

Application

ClenAir Odor Neutralizers are designed for use in residential and commercial applications. Simply remove the sticker on the lid to expose the gel and place the tub in an area with problem odors. A single ½ lb. tub will treat up to 200 sq. ft. for up to 30 days with the unique slow-release lid. When placed in an HVAC system or ventilation system the treatment length will be reduced due to the increase level of airflow. For longer life in the HVAC system and ventilation systems it is recommended to use HVAC Odor Blocks (6106-00, 6106-10, 6107-00).

Packaging
