MicroMetl

Since 1965

Spec Sheet

MicroMetl Sensors: 9901-1619

Refer To Submittal For Dimensions

Description: Mixed Air Sensor - Sensor is used with A Reliatel & Belimo Zip Logic Module. Four Inch Probe Comes With 12 Inches Of Plenum Rated Cable And Two Female 1/4" Quick Disconnects For Ease Of Installation To Any VAV Controller. 10,000 Ohm NTC (Negative Temperature Coefficient) Type III Thermistor.

Manufacturer: MAMAC Systems
Weight: 0.25lbs/0.11kg
Size: 4 Inch Long Probe

Sensor Type: Mixed Air Sensor
Associated Logic Controller: Reliatel, Honeywell & Belimo Controller
Composition: 304 Stainless Steel Probe. Galvanized Steel Flange.
UL Rating: Not Listed
Range: N/A
Input Voltage: N/A
Output / Control Voltage: N/A
Operating Temperature: -40°F to 210°F
Operating Humidity: Not Provided
Relay Availablity: N/A

Prop 65: Yes
Country of Origin: United States
