NITROGEN PURGING SOLUTION

870, 400 & 200 PSI Purging Kit Options

AMBRÓ CONTROLS

Specifications

Item	870 PSI Kit	400 PSI Kit	200 PSI Kit
Product Number	1811555	1811556	1811557
Application	Purging and testing of refrigeration and air conditioning systems. Flushing condensate drain lines.		
Fuel Type	Designed for use with Nitrogen (sold separately)		
Hose Connection	1/4" SAE Fittings		
Hose Length	9.84ft (3m)		
Delivery Range	0 - 870 PSI	0 - 400 PSI	0 - 200 PSI
Max. Inlet Pressure	3000 PSI	3000 PSI	3000 PSI
Nozzle Sizes	2 x Brass tips – compatible with 3/8" to 1 1/8" diameter piping		
Dimensions	21.3" W x 14.3" H x 5.5" D		
Net Weight	9.65lbs (4.38kg)	9.52lbs (4.32kg)	9.37lbs (4.25kg)
Kit Includes	Nitrogen Regulator (UL approved) 9.84ft (3m) hose with 1/4" SAE fittings 2 x Brass tips – allows purging & testing of 3/8" to 1 1/8" piping Contractor-grade carry case with foam insert Nitrogen Blowout Gun Nitrogen Flow Regulator M10x1 to CGA580 extended refillable adapter Nitrogen cylinder sold separately		

Professional quality brass regulators with contents & outlet gauges
200, 400 or 870 PSI

9.84 ft hose with 1/4" SAE fittings

Nitrogen Blowout Gun

2 Brass adaptors included
For 3/8" and 1-1/8" piping

M10x1 to CGA580 extended refillable adapter

Nitrogen Flow Regulator

870 PSI Regulator (1811550*)

400 PSI Regulator (1811551*)

200 PSI Regulator (1811552*)

*available to purchase separately

FUEL TYPE

N NITROGEN (1811560)
