ClenAir by Nu-Calgon

Odor Neutralizers

ClenAir Liquid Formula

- **Eliminates odors caused by smoke, mold, mildew, stale air, sewer gas, pets, and more.**
- **Works great with heating ventilation and air conditioning systems.**
- **Available in Unscented, Citrus, and CherryAir**

Description

ClenAir Liquid Formulas are a fast-acting deodorizing system. Unlike regular deodorizers that simply use heavy perfumes and oils to disguise odors, ClenAir eliminates odors via an oxidation process while leaving a fresh scent. ClenAir is also biodegradable, non-toxic, non-staining, and approved for usage in homes and businesses.

Application

Air Conditioner:

For central air systems, spray into intake vents while fan is running. Spray onto evaporator coil and into ductwork and condensate pan.

Plumbing:

Pour ClenAir down seldom used drains to keep rooms fresh smelling. Use after leaks and back-ups.

Mildew/Musty Rooms:

Add 4 oz. of ClenAir to a gallon of water. Use to wipe off excess mildew. Then, spray all areas and allow to dry.

Restrooms/Locker Rooms:

Spray around toilet, sink, showers, and lockers to keep rooms fresh. Spray directly on equipment and pads and wipe dry.

Urine:

Remove as much urine as possible with soap and water. Saturate carpet, bedding, or source of odor with ClenAir. Use towel to soak up excess liquid and allow area to dry.

Packaging

	Nu-Calgon #	ClenAir #
Unscented Spray 16 oz.	**61030**	**1600D**
Unscented Liquid 1 gal.	**61031**	**1610**

Directions

Spray and wipe down surfaces after cleaning to remove odors caused by urine, feces, smoke, pets, formaldehyde, mold, mildew and more. Use ClenAir in vehicles, kennels, storage lockers, smoking areas, and in garbage areas. Use ClenAir Liquid Formula in conjunction with ClenAir Gel to maintain an odor-free environment.
