3 Installing and Uninstalling

This chapter describes how to install and uninstall Setting File Creation Software for North America.

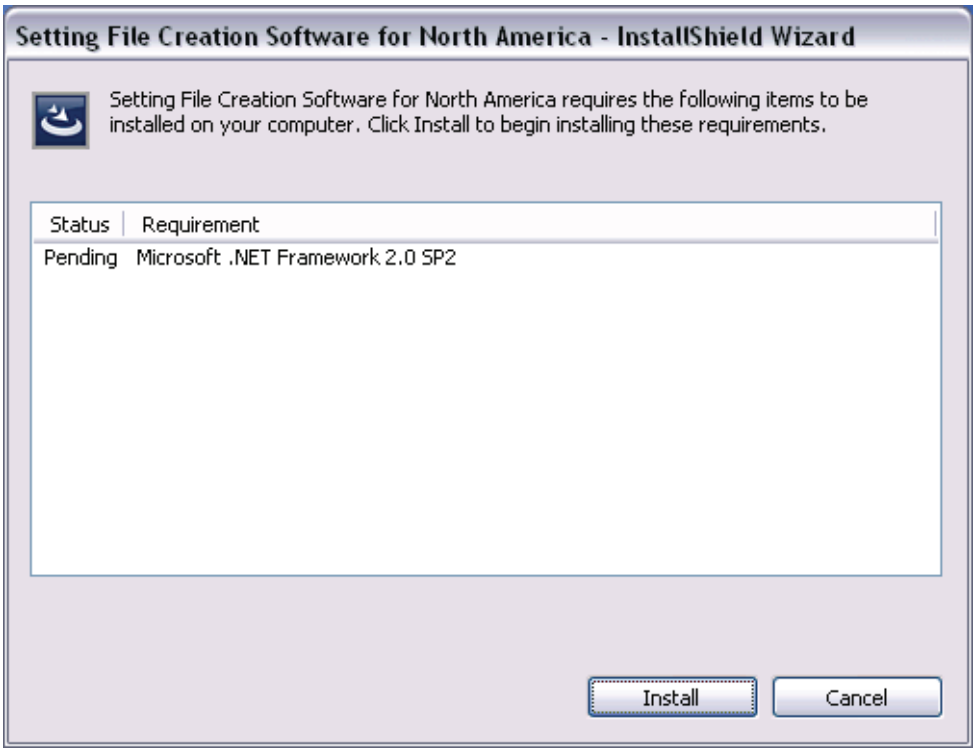

■ Installation

Insert the installer CD into the CD drive. Run the setup.exe on the CD. The setup starts.

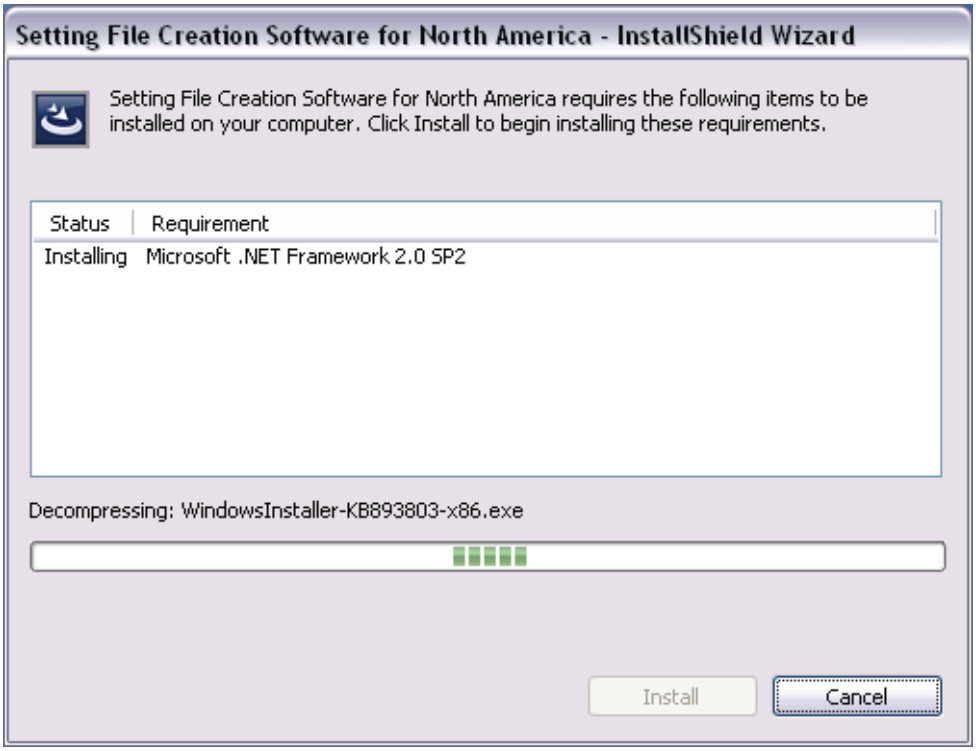

If the required program is not installed

The following window appears:

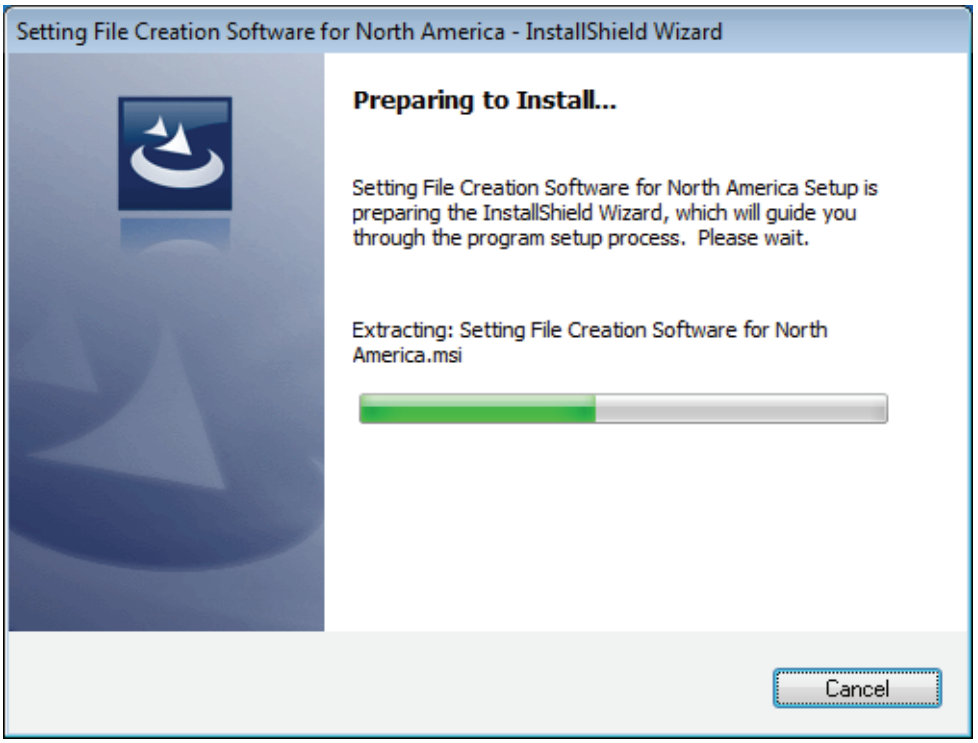

Confirm the program to install, and click [Install].

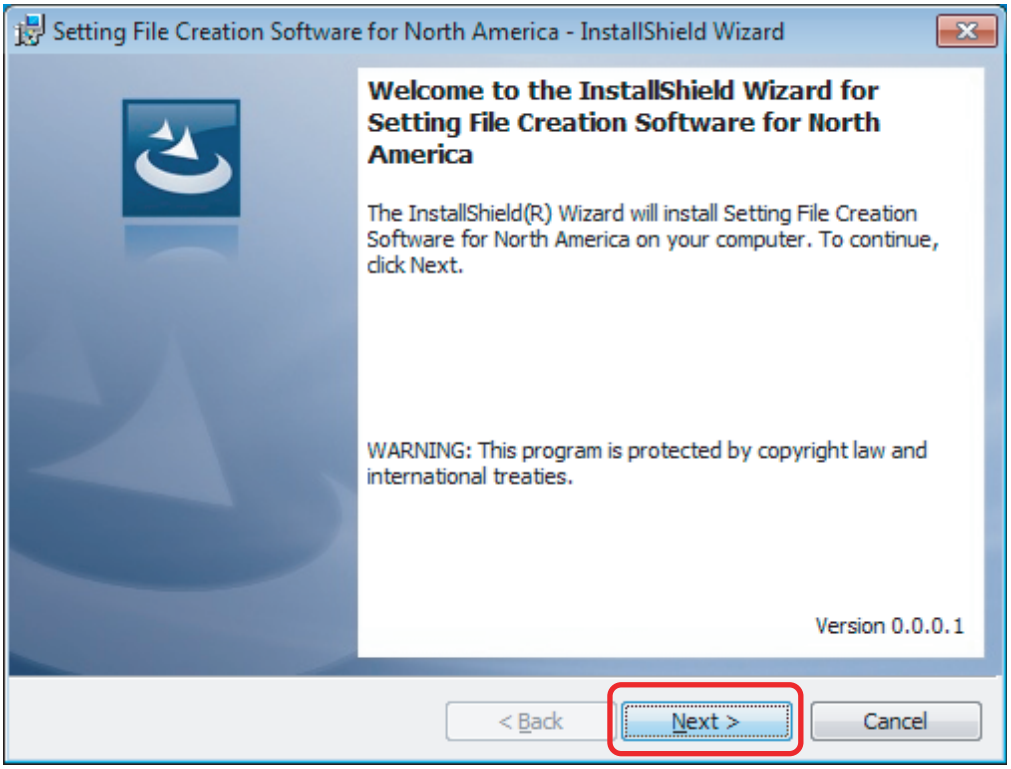

■ Installation preparation

The installation preparation starts. Wait for a while until the preparation is complete.

Welcome

When the installation is complete, the following window appears.
Click [Next].

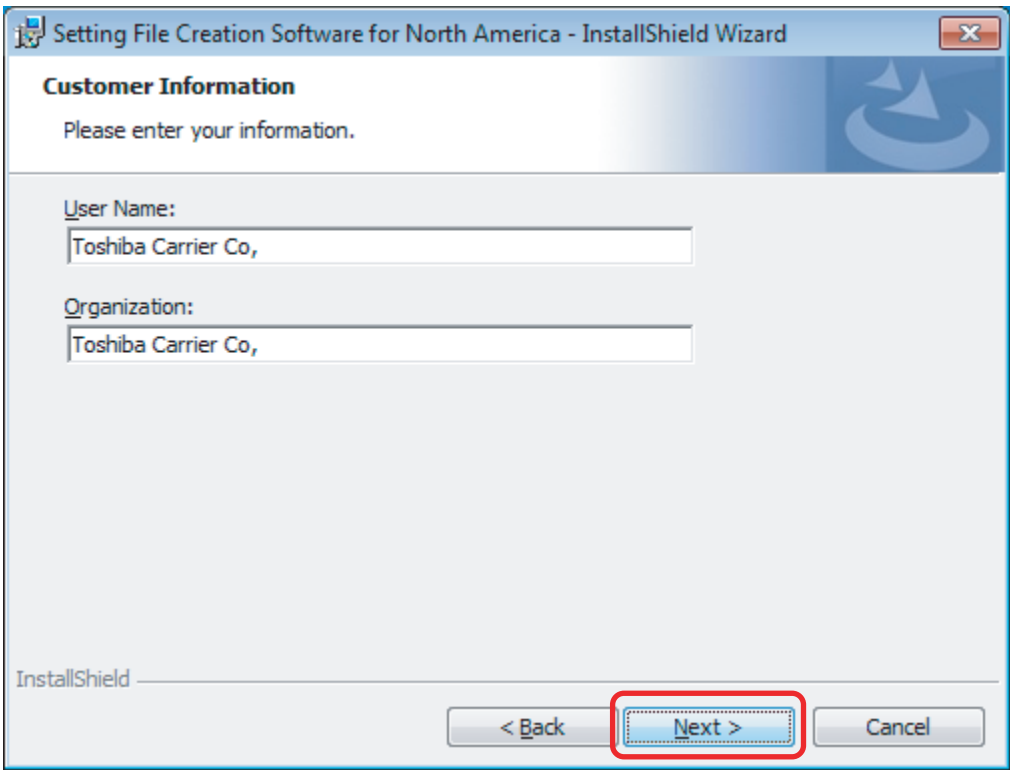

License Agreement

The License Agreement window appears. Read the software license agreement.
Select “I accept the terms in the license agreement.” Click [Next].

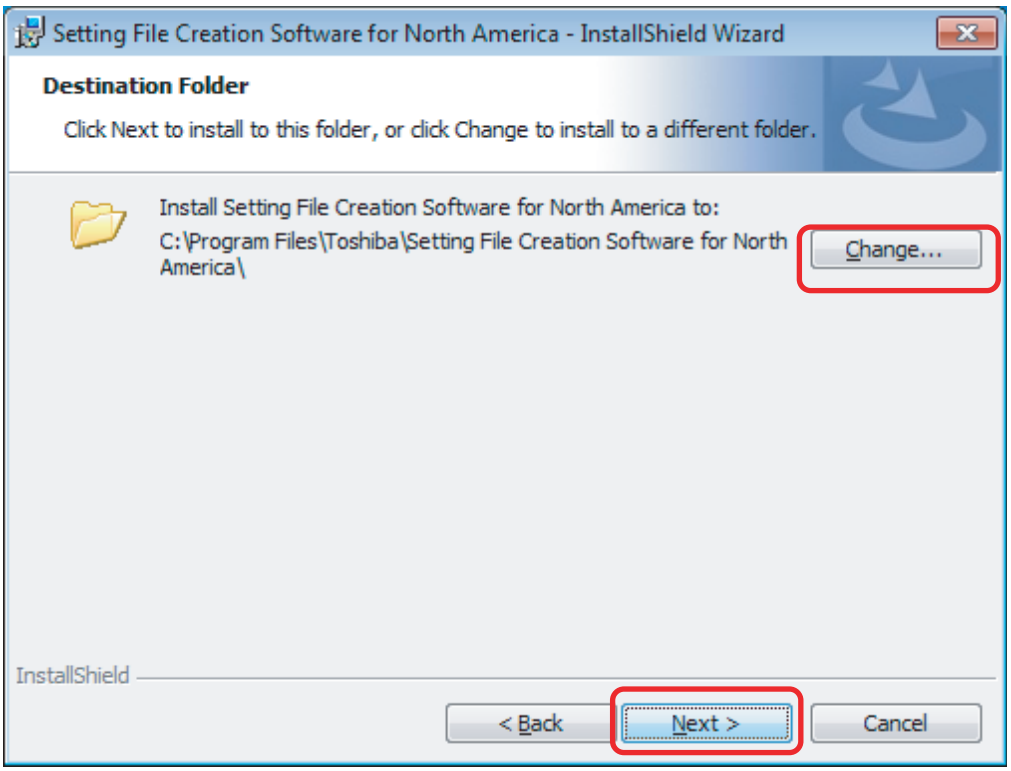

Customer Information

The Customer Information window appears. Enter your user name and organization. Click [Next].

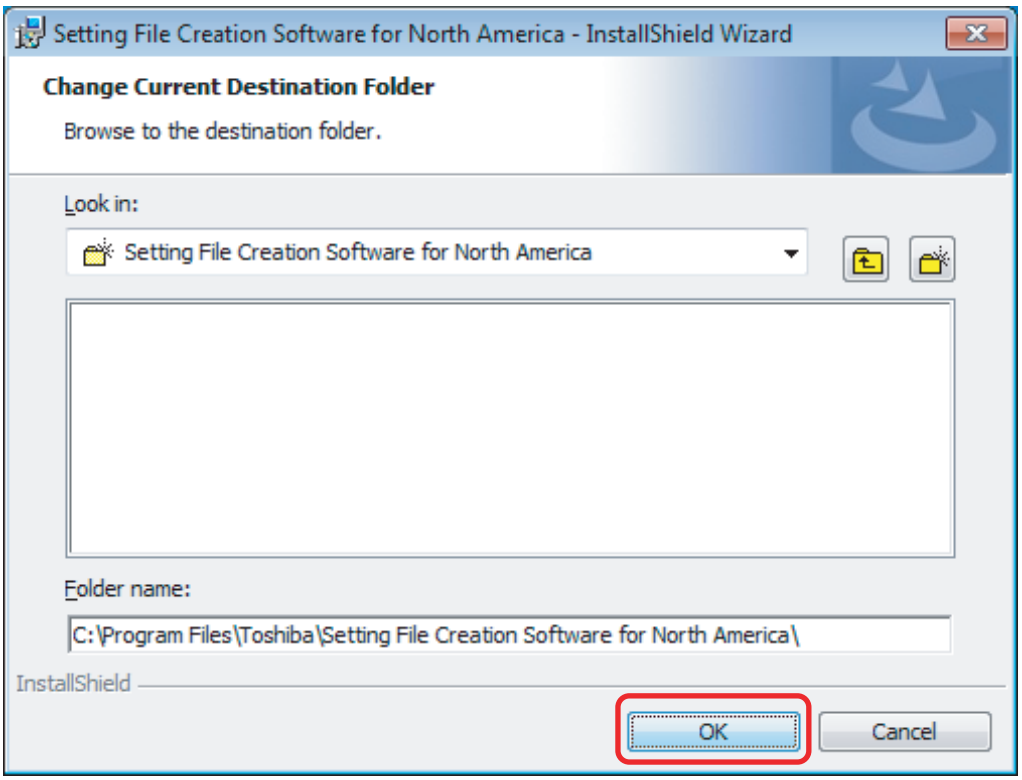

Destination Folder

The Destination Folder selection window appears. To confirm the indicated location, click [Next].
To change the location, click [Change].

Change Current Destination Folder

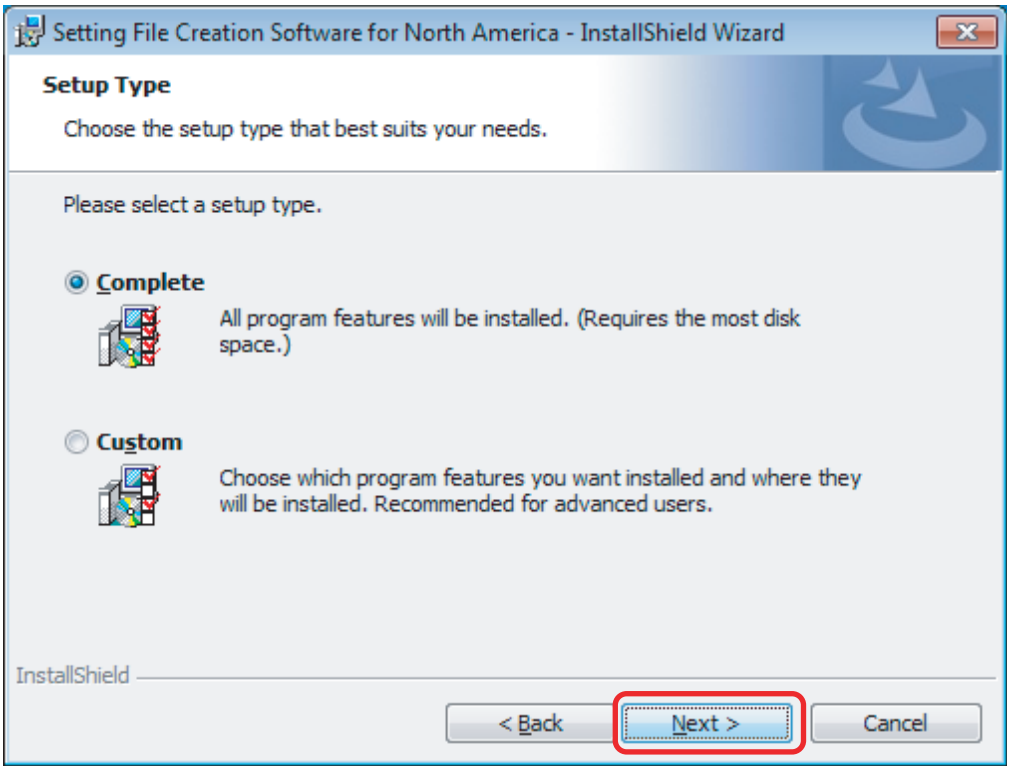

The Change Current Destination Folder window appears. Select your preferred location, and click [OK].

EN

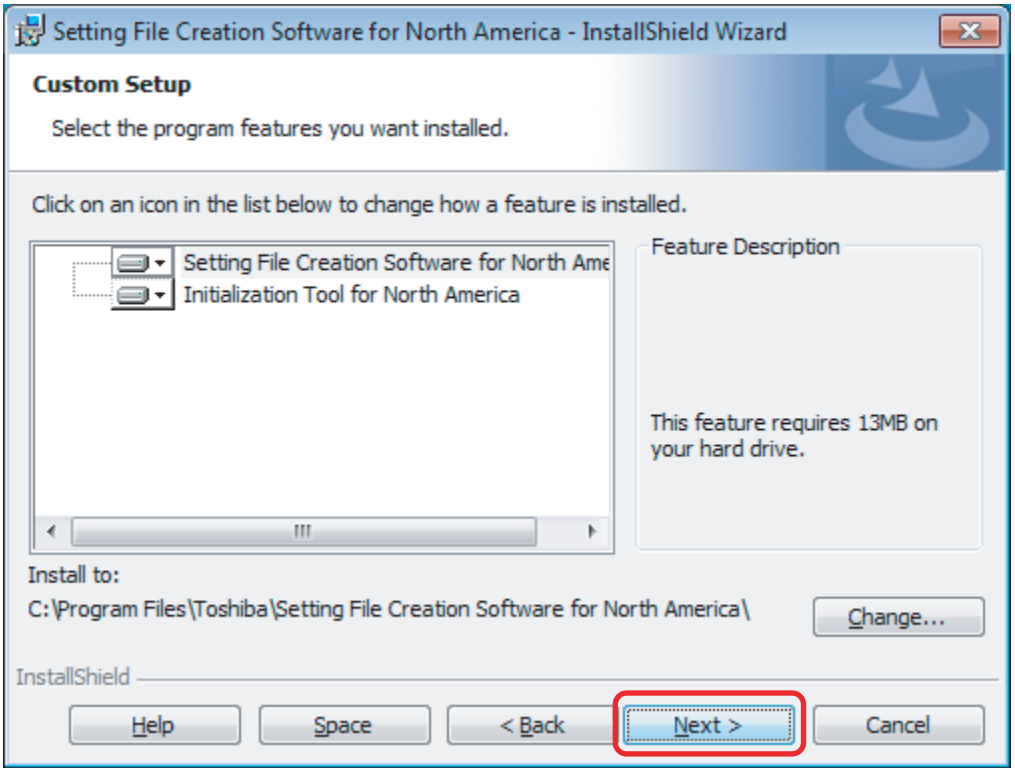

Setup Type

The Setup Type screen appears. Select the setup type, and click [Next].

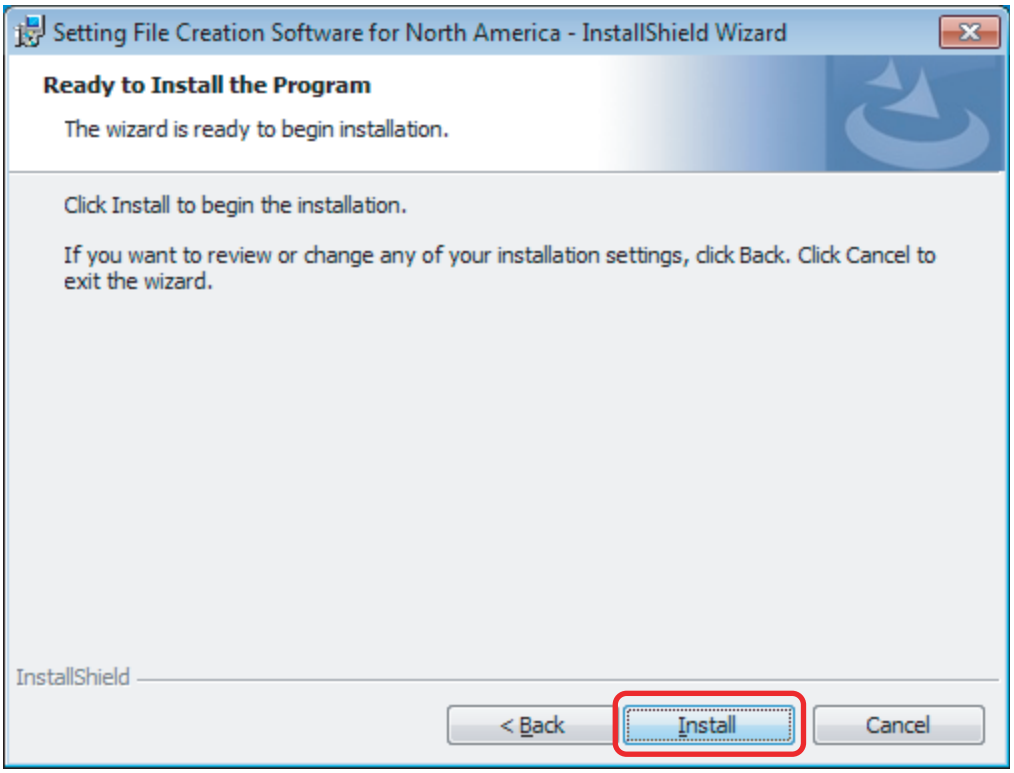

Custom Setup

If “Custom” is selected on the Setup Type screen, the following screen appears. Change the installation method of each feature or the destination folder, and click [Next].

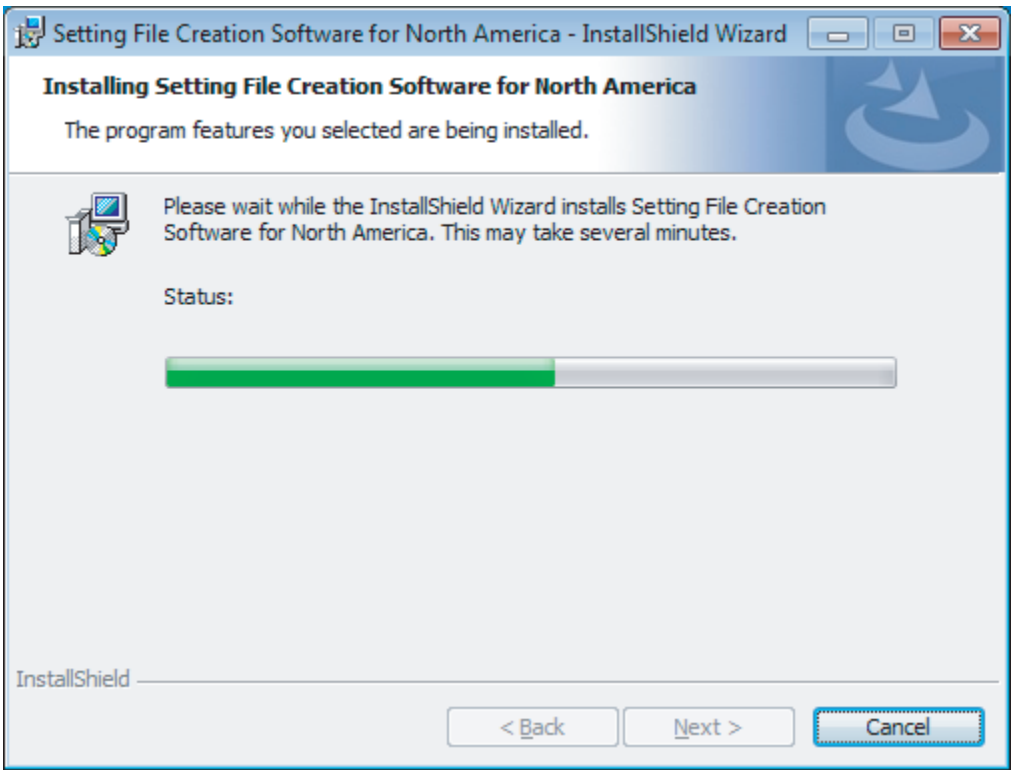

Ready to Install the Program

The InstallShield announces that it is ready to start the actual installation. Click [Install].

Software Installation

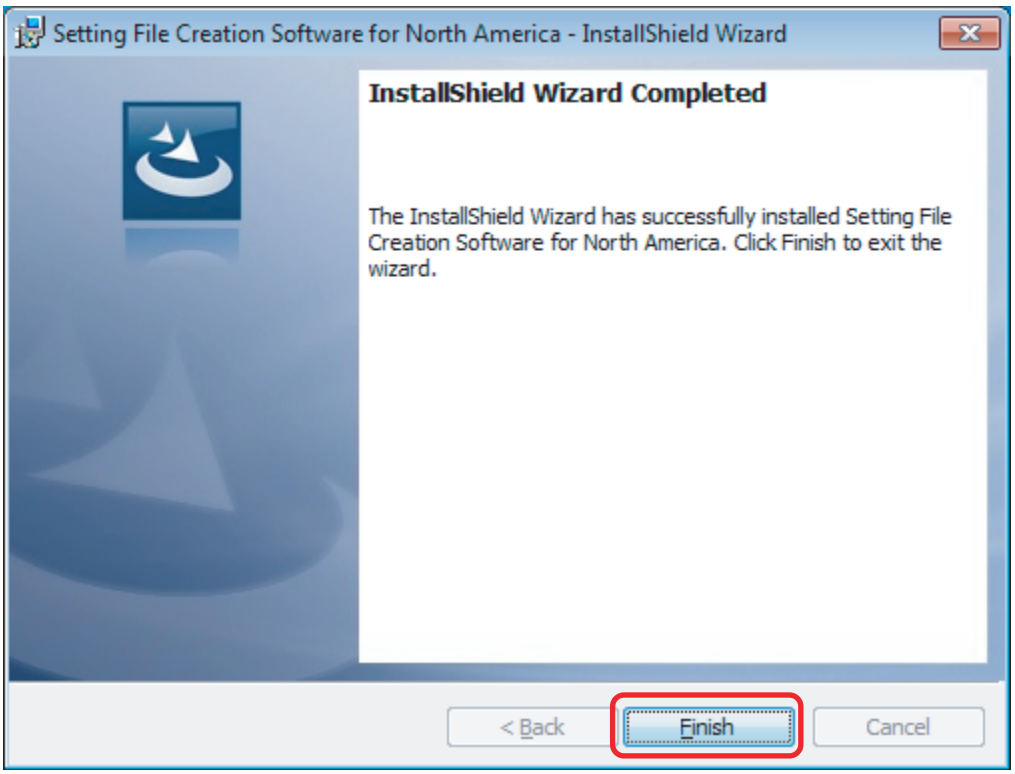

A progress meter appears while the software is being installed. Wait for a while until installation is complete.

EN

Finish

When the installation is complete, the following window appears. Click [Finish].

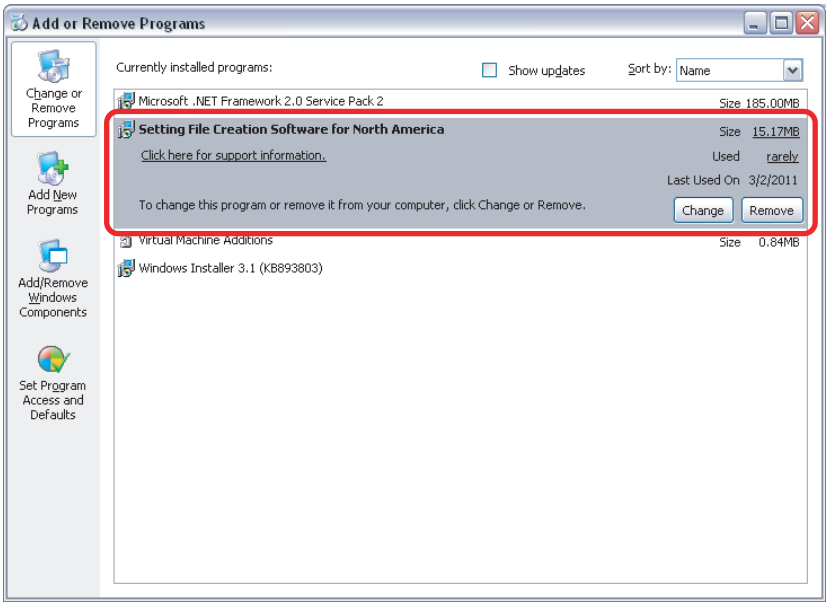

■ Uninstallation

If the Setting File Creation Software for BMS System is active, first exit the software.

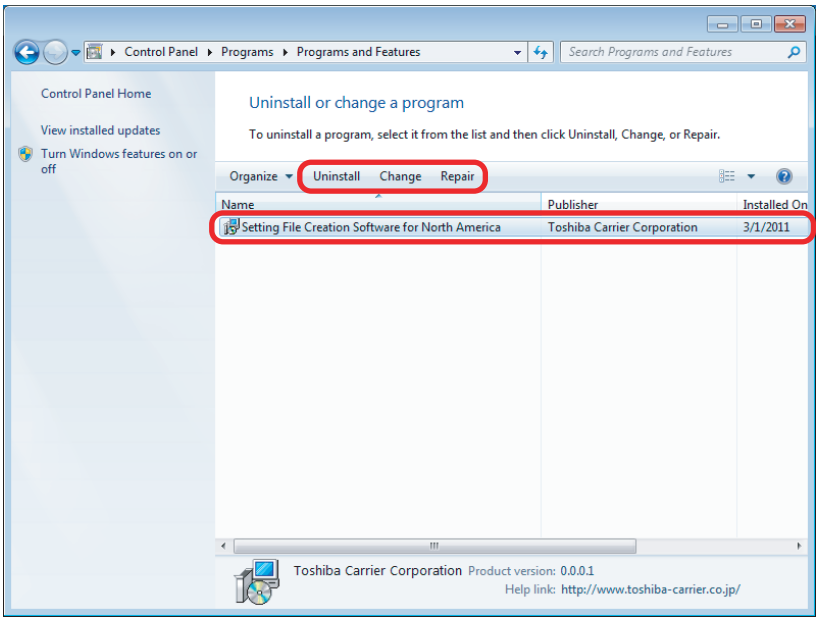

<Windows XP>

In “Add or Remove Programs” of “Control Panel” select [Setting File Creation Software for North America], then click [Remove].

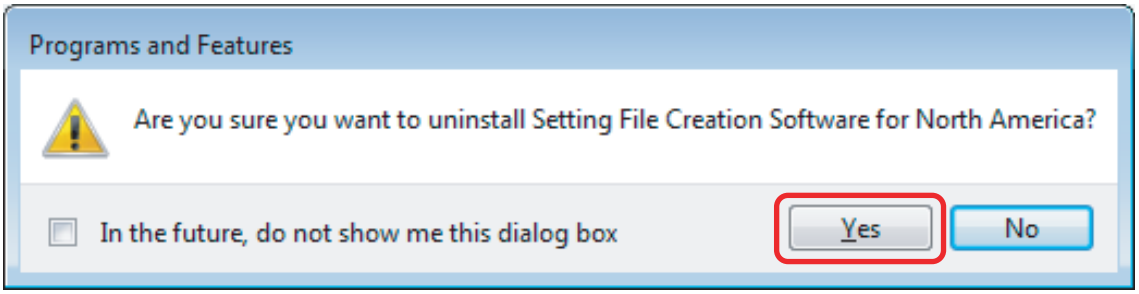

<Windows Vista / Windows 7>

In “Programs and Features” of “Control Panel” select [Setting File Creation Software for North America], then click [Uninstall].

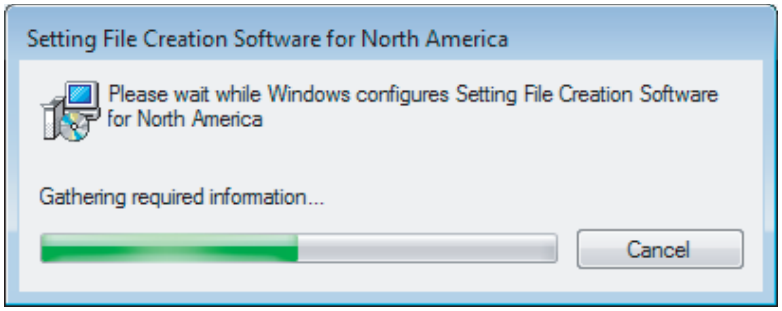

EN

The confirmation dialog box appears. Click [Yes].

The following window appears. Wait for a while until uninstallation is complete.

When the uninstallation is complete, the above window automatically closes.
