

i-Vu® Building Automation System TruVu™ ET Displays Wall Mounting Kits

Part Numbers: EQT2-7-MOUNT, EQT2-10-MOUNT
EQT2-7-MOUNT-BOX, EQT2-10-MOUNT-BOX

TruVu

The TruVu™ ET Displays (EQT2 7" and 10") can be optionally wall-mounted using the EQT2 Wall Mounting Kit. There are four parts that are packaged into two part numbers for each size to accommodate mounting to drywall already in place in a retrofit application, or in a new-construction application where an electrical box is desirable or required.

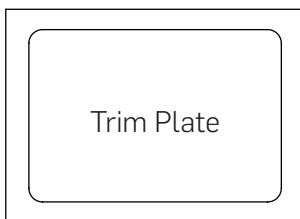

Key Features

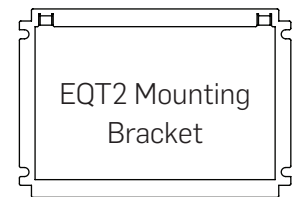

- Secures easily to drywall using drywall tabs
- Includes wall cutout template
- Provides easy access to wiring terminations
- Provides a clean and attractive finish
