New multi-use AGAP filter supersedes PGAPXCAR1625-A02

Replacement components is excited to introduce the new AGAPXCAR1625-A02 purifier filter as a supersession to PGAPXCAR1625-A02, effectively immediately.

The AGAPXCAR1625-A02 is identical to the PGAPXCAR1625-A02, except that it has additional tabs and instructions that allow it to be used in either DGAP, PGAP, or RGAP models. All other aspects, including dimensions, standard pack, and list price, are the same.

List price:	\$183.20
Standard Pack:	two
Pallet Quantity:	84 (42 cartons, two per carton)
Shipping Length:	18.9"
Shipping Height:	27.17"
Shipping Width:	7.09"
Shipping Weight:	6lbs

Because the RGAP purifier only uses a 16x20 filter, only the PGAPXCAR1625-A02 was superseded. All other PGAP filter sizes remain available.

Please reach out to your local RC RSM for additional information.

Thank you in advance for your support and happy selling!
